And  
The West Indies*

Training Nationals to serve Him

Dear Praying friends,

The new school year is well into the ninth week and students are having to study and review. I'm teaching first year Greek and Hebrew this year and it is going well. I am having to review the Hebrew vocabulary to make sure to stay ahead of the students. Language has always come fairly easy to me and one of my workers does not speak much English so I'm learning Spanish faster than I previously thought, being forced into it! Sometimes that's the only way we do things I guess.

Sunday night we had a combined English and Spanish baptismal service and twelve were baptized for which we praise the Lord. The Lord has seen fit to reward the labors of our church's visitation program the last couple of weeks and souls are being saved. We have been going out with some of the single teachers to visit their students' parents and the Lord gives opportunity to share the Gospel with these parents. That is one of the outreach ministries of the church.

The next project will be cooling the cafeteria which is next to the Kindergarten physically. This project will consist of ductwork and controls. The Kindergarten is cooled by a 40 ton unit that is oversized for the job, so I'll hook the Cafeteria to it and control it with dampers and a thermostat. Lord willing it should not cost more than \$3000 for the parts and will be ready for the Thanksgiving Banquet.

We had a great Bible conference with Dr. Wood from BJU with many good decisions for Christ and Christian service. What a blessing to have that kind of preaching. The Lord is Good. There are only a few weeks left in this semester. Then, Lord willing, we will have two of our children and their families here for our missions conference at the end of January. Thank you for your continued prayers.
